IMPLEMENT CONTENT FILTERING - MikroTik User Meeting

This course is aimed at network administrators, integrators, Network Managers, IT consultants and other technical users who already use or would like to start using Mikrotik RouterOS. For those with no prior TCP/IP knowledge, we recommend to take Networking Fundamental course before joining this class.

MTCNA (Mikrotik Certified Network Associate) - GLC Networks

• A PPTP tunnel is initiated by communication to the peer on TCP port 1723. • This TCP connection is then used to initiate and manage a second GRE tunnel to the same peer. • PPTP uses IP protocol number 47 with non GRE standard packets. • The GRE tunnel is used to carry encapsulated PPP packets.
