Blue hair is a type of hair color that does not naturally occur in human hair pigmentation, although the hair of some animals (such as dog coats) is described as blue. Some humans are born with bluish-black hair (also known as "blue black" hair), which is black that has a blue hue under the light. The color has a long history of artistic and literary uses.

Representation theory is a branch of mathematics that studies abstract algebraic structures by representing their elements as linear transformations of vector spaces, and studies modules over these abstract algebraic structures. In essence, a representation makes an abstract algebraic object more concrete by describing its elements by matrices and the algebraic operations in terms of matrix ...

Abstract. The notion of paying college football players has been an ongoing debate since the early 1900s. With current television revenue resulting from NCAA football bowl games and March Madness in basketball, there is now a clamoring for compensating both football and basketball players beyond that of an athletic scholarship.
