New public management promoting efficient use of public resources has increasingly drawn attention for the last three decades. However, the problem of inefficient use of public resources has not been resolved yet.

Do Organizational Politics and Organizational Commitment

A magnetohydrodynamic drive or MHD accelerator is a method for propelling vehicles using only electric and magnetic fields with no moving parts, accelerating an electrically conductive propellant (liquid or gas) with magnetohydrodynamics. The fluid is directed to the rear and as a reaction, the vehicle accelerates forward.. The first studies examining MHD in the field of marine propulsion date ...

Magnetohydrodynamic drive - Wikipedia

The viscosity of a fluid is a measure of its resistance to gradual deformation by shear stress or tensile stress. For liquids, it corresponds to the informal concept of "thickness": for example, syrup has a higher viscosity than water. Viscosity can be conceptualized as quantifying the frictional force that arises between two adjacent layers of fluid that are in relative motion.

Viscosity - Wikipedia

Corrosion is an issue in Mg alloys resulting from chemical, and hence electrochemical, heterogeneity of alloy microstructures. In Mg alloy AZ31B-H24 (UNS M11311), Al8Mn5 intermetallic particles are dispersed throughout the matrix, forming microgalvanic couples. Laser surface modification was performed in Ar and N₂ environments with a pulsed excimer laser ($\lambda = 248 \text{ nm}$, 25 ns full width at half ...

Excimer Laser Surface Modification of AZ31B-H24 for

1. Introdução. As bacias de retenção têm sido muito usadas comumente, em zonas rurais, como meio de armazenamento de água para fins agro-pecuários, e, em projectos de drenagem (e.g. drenagem de vias de comunicação, drenagem urbana), para reduzir o pico do escoamento para um nível compatível com a capacidade do meio receptor.

Bacias de retenção para gestão do escoamento: métodos de

1. Introduction. In this paper, I look anew at the Profiting from Innovation (PFI) framework laid out in Teece, 1986, Teece, 1988a, Teece, 2006. The questions addressed in the earlier treatments – “what determines which firms profit from an innovation, and which firms earn only meager (and possibly negative) returns” – have enduring relevance for both management and public policy. 1 If anything ...
