The row ('Smith', 'English', 'Wilson') happens to be the only row that tells us that Professor Wilson is the English department's faculty adviser. If this sample table and the English department had been bigger, this problem could have been hidden for a long time. But we would have been carrying redundant data.

Straight rail. Straight rail, sometimes called carom billiards, straight billiards, the three-ball game, the carambole game, and the free game in Europe, is thought to date to the 1700s. No exact time of origin is known though. It was called French caroms, French billiards or the French game in early times, taking those old names from the French who made the game popular.
